

Graduate Interdisciplinary Specialization in Film Studies

GIS Audit Form

The Graduate Interdisciplinary Specialization in Film Studies is a degree enhancement that is added to your transcript after completing the required coursework and applying for the degree enhancement through the Graduate School. Please complete the GIS audit, below, and return to Academic Program Coordinator Paige Piper, at piper.92@osu.edu.

Requirements for the Graduate Interdisciplinary Specialization in Film Studies include the completion of:

- 12 Hours spread over 4 courses, with department approval.
 - At least 9 hours from the approved course list (see page 2).
 - At least 9 hours outside the student's home program/department.
 - 6 hours at the 7000 level or above.
- 3.4 GPA in the GIS and no grade lower than a "B" for these four courses.

COURSE <small>Ex: HISTART 5902</small>	APPROVED LIST? <small>Note approved list or include confirmed FS/Department approval date</small>	CREDIT HOURS	SEMESTER TAKEN	GRADE RECEIVED

Approved courses for a GIS in Film Studies: 9 credit hours must be chosen from courses from approved list (see following page). An additional 3 credit hours *may* be approved when appropriate, from an upper-level, intensive film course that does not appear on the list.

- To determine whether an upper-level film course would be accepted and approved toward the GIS, you must contact film program coordinator in advance to discuss course approval.

Once you are close to completion of the GIS (with all courses approved, and the minimum GPA met), request a final audit from Program Coordinator. Once approved, you will submit final application through the Graduate School, no later than the beginning of the semester of its completion.

Complete, step-by-step instructions for the GIS application process are available at: film-studies.osu.edu/graduate/GIS. Once your complete GIS application is reviewed and approved by the department and the Graduate School, the designation will be posted to your academic record.

Approved courses for a GIS in Film Studies

- ACCAD 6650 History of Animation (3)
